This clinic is offered year around and the techniques discussed will work for both trout and steelhead alike. Basic fundamentals will be covered including fishing with an indicator, dry flies, soft-hackle presentations, proper mending, and tuning up your cast if needed. The first three hours will be instruction/discussion followed by two hours of fishing on your own in private waters. Cost: \$90 and limited to 6 anglers.

Technical Nyming Clinic

We are offering a technical nyming class to help get you dialed into getting everything right for those picky fish. We will spend about two hours in the “classroom” going over rigging, casting, mending, reading water, dead drifting, hook sets, and fighting the fish. The next two hours will be spent on the water getting you in tune with technical fishing. Class location will be chosen by the instructor. Cost: \$50 and limited to 10 anglers.
